Drillsearch launches new website

Drillsearch Energy Limited (ASX: DLS) is pleased to announce it has launched a new website at www.drillsearch.com.au. The new website has been developed to be more interactive and provide richer content.

To deliver on our promise of increased communication with our Shareholders and the market this new website will allow you to subscribe for alerts direct to your inbox or by subscribing to our RSS feed you can stay up to date via your preferred news reader.

The main features of the new look www.drillsearch.com.au are:

- An improved system to deliver up-to-date company alerts
- A live feed of industry news from www.upstreamonline.com
- A glossary of industry terms
- A conversion calculator to convert various materials and measures
- A new Investor Centre where you can track the value of your investments and how that investment has tracked over time

To receive alerts from Drillsearch you can subscribe via the new website from multiple pages on the site including our home page which can be found at www.drillsearch.com.au.

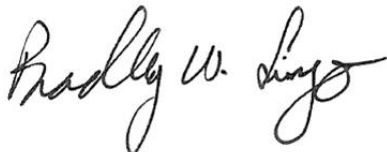

The screenshot shows the Drillsearch website homepage. At the top is a dark red navigation bar with the Drillsearch logo and a search bar. Below the navigation bar is a featured article titled "PEL 91 - 5 Well Drilling Campaign 2011" with a sub-headline "Snellings-1 drilling activity". To the right of the article is a call to action: "Who are we? ... Drillsearch Energy Limited (ASX:DLS) is an oil and gas explorer and developer focused on the highly-prospective Cooper-Eromanga Basin. To subscribe to Drillsearch updates click here". A red circle and arrow point to a "Subscribe to Drillsearch Updates" button. Below the featured article are three columns: "Company Updates" with a link to "Macquarie Mid-cap Oil and Gas Conference Presentation", "Industry Updates" with a link to "Chevron secures Transocean jack-up" and "China: Leaks from spill persist", and "Latest Quotes" with a table of share prices.

About Drillsearch Energy Limited (ASX: DLS), which listed on ASX in 1987, explores and develops conventional and unconventional oil and gas projects. Drillsearch has a strategic spread of petroleum exploration and production acreage in Australia's most prolific onshore oil and gas province, the Cooper-Eromanga Basins in South Australia and Queensland. The company's focus is on 'brownfields' exploration where geological risk is reduced and there is access to existing infrastructure, ensuring that any discoveries can be brought into production.
